

### **Qualified joiner/Cabinet Maker**

We are looking for a qualified joiner/cabinet maker to join our small and efficient team using the latest machinery and technology, based in Mosgiel. We offer you the opportunity to grow in our business specialized in the manufacture of the most energy efficient windows/doors and conservatories in NZ.

You should have the following qualifications:

- trade qualified joiner/cabinet maker
- experience in all aspects of solid timber joinery ideally with European style windows and doors
- be reliable and honest
- excellent attention to details
- proactive, efficient and results driven
- take pride in your work and responsibility
- ability to work within a team and unsupervised
- good time management and organization
- ability and willingness to learn and also show initiative
- must be prepared to do over time
- good spoken and written English
- safe working practices and "common sense" ability
- excellent written and communication skills
- be fit and healthy (no drugs!)
- tidy appearance
- full and clean NZ drivers license and own transportation

All applicants should be able to provide

- education and trade certificates
- character and work references from previous employers

For the right person we offer above average rates of pay and much room for own development.

If interested please send us your CV and covering letter

Applicants for this position should have NZ residency or a valid NZ work visa.
